## Home is now the U.S.

I was released from Medical leave on the 8th of June, and we hit the ground running. We spent a bit of time in the Pacific NW visiting partners and having a vacation with Jamie's family. We had an awesome time! Then the day after we got back from Washington, Jamie and I headed for Kenya. We had a fantastic time with our ex-patriot colleagues from Tanzania & Uganda, and were able to say goodbye.

So on July 16th we arrived back in Loveland, CO to live, not to visit. We are adjusting slowly, but we are seeing God bless us thoroughly through the community here. We moved into a house, and are getting all setup. The kids will start school in two weeks, and I am beginning to setup my home office (see back page for more details on my new jobs). Jamie is enjoying plugging into the community here and setting up our new home.

## My new role(s)

I have two exciting new opportunities to continue to work in the Wycliffe world. The one, I am starting this week, is doing some writing. I have the opportunity to join a newly formed team doing exegetical summaries as translation aides for books of the Old Testament. This essentially means I will study and recapitulate what a variety of authors say on particular books of the Old Testament for the purpose of making the information accessible to translation teams around the world.

The other opportunity is with *The Seed Company* which is a partner with Wycliffe in the Bible translation movement throughout the world. I will be traveling to Nigeria (that's in West Africa) in October and November to explore the possibility of training as a translation consultant with them. This trip would include opportunities to both teach a discourse class to mother tongue translators as well as help to check portions of scripture. BOTH of these I am thrilled to be able to try out with the Seed Company. Please pray for me as I sort out this trip and seek the

LORD's  
guidance  
here.

Lastly, I would like to ask you to consider helping us as we setup here in the US. As I mentioned earlier, I am in the process of setting up an office in our home, as well as sorting out details of my writing assignment, both of these things will require some extra expense for books, and office supplies, internet etc. Please ask the LORD if he would have you partner with us to meet these needs.

Don't forget our [blog](#) for quicker updates. Also follow us on Twitter: @Langlingo and @LangJamie.

### **Prayer**

- Prayer as we setup life in the US
- Pray for the details of preparing for the trip to Nigeria.
- Pray for financial provision of a new office, and for us to adjust as a family to me working from home.
- Praise the LORD with us for provision of a home, cars, and necessities to live here.
